

A Sustainable Population in South East Queensland?

Queensland Conservation Business Sustainability Breakfast Series

The Gabba, Legends Room
Stanley Street, Woolloongabba
Friday 17 July, 6.50 am - 9.00 am

A sustainable population in SEQ?
What does it look like for business and community.

Join business leaders, agency staff, developers, conservationists and researchers as we delve into the prickly topic of managing population.

More than 150 people are expected to attend this breakfast event which will feature Andrew McNamara as keynote speaker and a panel of experts debating the issue and answering questions from the floor. Pastries, a hot breakfast and tea and coffee will be served.

Keynote Speaker

Andrew McNamara, former Queensland Minister for Sustainability and Climate Change.

Panelists

- ☀ **Melva Hobson**, Mayor Redland City Council
- ☀ **Brian Stewart**, CEO Urban Development Institute of Australia
- ☀ **Simon Baltais**, Sustainable Population Australia
- ☀ **Glen Elmes MP**, Shadow Minister for Climate Change and Sustainability
